

20 W Amplifier with 2 Wireless Infra-Red Microphone

SKU 8990 SRP\$499.00

Create an energizing sound experience in your classroom! The Amplifier System comes with a super wide angle sound dispersion. The built in Infra-Red allows numerous systems working in close proximity with no sound distortion. Dedicated teacher microphone with lavalier, and hand-held student microphone, both wireless. Allow the students to take control of the microphone to learn public speaking.

Features:

- State-of-the-art Infra-Red technology assures Interference-free, Eavesdrop-free secured wireless application.
- Infra-Red does not penetrate wall. Safe and cost effective alternative to Radio Frequency (RF) wireless microphone systems in multiple adjacent rooms application.
- Compander audio circuit improves signal to noise ratio and reduces background noise.
- Pilotone squelch mutes the receiver at standby stage.
- Excellent high fidelity and dynamic range-ideal for speech applications.
